**CITY COMMISSION MINUTES**

July 2, 2013

7:00p.m.

**CALL TO ORDER**

The regular meeting of the Junction City Commission was held on Tuesday, July 2, 2013 with Mayor Cecil Aska presiding.

The following members of the Commission were present: Cecil Aska, Pat Landes, Mick McCallister, Mike Ryan, and Jim Sands. Staff present was: Interim City Manager Beatty, City Attorney Logan, and City Clerk Ficken.

**PUBLIC COMMENT**

George Marcus of 1538 McFarland Road stated he would like to speak during the McFarland sewer line item. He reminded the Commission that public comments used to be held at the end of Commission Meetings; he is unable to respond to the Commission before an item is discussed. Commissioner Landes stated that citizens have opportunities to discuss items with citizens via e-mail, mail and telephone; if everyone participated the meetings would not get done.

Kenneth Dunham of 1324 Hoover Rd. stated that the rest stops on I-70 should not be closed, and when he drives the roads he looks for those rest areas. The rest stops give truckers a place to sleep and make the roads safer.

Debra Johnston of 1320 McFarland stated that her sewer system was approved by the City Engineer Tom Neal and Attorney Charlie Platt. She stated that she was surprised she was not notified regarding the current action. She is concerned about additional tap and impact fees for low flow systems; and what would occur in the event of electrical outages. Mrs. Johnson stated that Oakridge is on a septic system, and Spring Valley was paid for with GO Bonds. Also, the City should pursue grant funds to pay for the project.

Arthur Moore of 1510 McFarland Rd. provided a letter which was read to the Commission.

Patricia Hunter of 1520 McFarland stated that she asked for sewer when she first purchased the land, and she was told no; she would have to have a septic system. She does not want to pay for a sewer now that a developer needs it. She does not want to pay additional costs for improvements; she does not need it.

Larry Divine of 1320 McFarland stated that he believes the system is being enhanced as a result of this project, and the City at large should pick up a major percentage of the project.

Ayes: Aska, Landes, McCallister, Ryan, Sands. Nays: none. Motion carried.

Consideration of the authorization of a Sanitary Sewer project to extend sanitary sewer service along McFarland Road and the area proposed for platting. The Commissioners discussed the merits of payment to tap into the sewer line versus creating a special benefit district. Commissioner Ryan stated that if the tap fee would be required at the time of property sale, then the current tank system

should be inspected instead of an automatic requirement to connect. Finance Director Beatty informed the Commission that the tap fee method would be approved by an Ordinance which could be repealed by a future Commission whereas the special benefit district costs would stay with the property owners. Commissioner Landes stated that this needs to get done correctly, and the district would cost the property owners only \$30 per month. Commissioner McCallister stated that he is comfortable with creating the special benefit district because it will ultimately save the property owners money. City Attorney Logan stated that she would contact Gilmore & Bell regarding the work for developing the special benefit district.

Consideration of Ordinance G-1128, an Amendment to a Water Conservation, Rationing and Restrictions on Water Supply Ordinance, Article V, Chapter 700, Water and Waterworks, and Resolution R-2731 for the adoption of a Water Watch. Mayor Aska asked about the number of leaks, and whether the high water use is attributed to leaks or use. Public Services Director McCaffery stated that the large meters are being changed out. Commissioner Ryan asked if hydrant flushing water loss is being measured. Public Services Director McCaffery stated that those numbers are not available, but the amount of water loss during line breaks is being estimated. Commissioner Landes stated that he is not sure about the numbers, and basing the water warnings on those numbers is concerning. Commissioner Sands moved, seconded by Landes to approve Ordinance G-1128. Ayes: Aska, Landes, McCallister, Ryan, Sands. Nays: none. Motion carried. Commissioner Landes moved, seconded by Commissioner Ryan to approve Resolution R-2731. Ayes: Aska, Landes, Ryan Sands. Nays: McCallister. Motion carried.

- a. Consideration of G-1129 amending Battery and adopting a Domestic Battery Ordinance.

# City of Junction City

## City Commission

### Agenda Memo

July 16, 2013

**From:** Krista Blaisdell, City Prosecutor  
**To:** Cheryl Beatty, Interim City Manager  
**Subject:** G-1129 – Amendment to Section 220.150 and the addition of Section 220.155, Domestic Battery, to Article III, Offenses Against Persons

---

**Objective:** To update the City Ordinance to separate the offenses of Battery and Domestic Battery.

**Explanation of Issue:** Currently, the Code of Ordinances punishes domestic battery as a sub-category of battery. Given the prevalence of domestic battery within Junction City, as well as the importance of recognizing the detrimental effect such violence has on the community, domestic battery should be a separate and independent offense in the Code. This approach is in line with Kansas criminal statutes and highlights the seriousness of domestic battery.

**Budge Impact:** There isn't any budget impact.

**Alternatives:** It appears that the City Commission has the following alternatives concerning the issues at hand:

1. Approve G-1129.
2. Disapprove G-1129.
3. Modify the ordinance.
4. Table the request.

**Recommendation:** Staff recommendation that the City Commission approve G-1129 updating the City Ordinance with the addition of the Domestic Battery ordinance.

**Enclosures:** Ordinance G-1129.

**ORDINANCE NO. G-1129**

**AN ORDINANCE AMENDING TITLE II. PUBLIC HEALTH, SAFETY, AND WELFARE, OF THE MUNICIPAL CODE OF THE CITY OF JUNCTION CITY, KANSAS BY AMENDING CHAPTER 220 OFFENSES; ARTICLE III: OFFENSES AGAINST PERSONS; SECTION 220.150 & SECTION 220.155 (previously reserved).**

**WHEREAS**, Junction City's current City Ordinance categorizes domestic battery as a sub-section of battery.

**WHEREAS**, Junction City recognizes the importance of having a separate ordinance for domestic battery.

**WHEREAS**, Junction City will be able to incorporate a new domestic battery ordinance once it is removed as a sub-section of the battery ordinance.

**WHEREAS**, Junction City recognizes the prevalence of domestic battery among its inhabitants and the importance in protecting family members by punishing those persons engaged in battery directed against other family or household members.

**BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF JUNCTION CITY, KANSAS:**

**SECTION 220.150 is amended to read as follows:**

**SECTION 220.150: - BATTERY**

A. Battery is:

- (1) Intentionally or recklessly causing bodily harm to another person; or
- (2) Intentionally causing physical contact with another person when done in a rude, insulting or angry manner.

B. Battery is a Class B misdemeanor.

**SECTION 220.155 is amended to read as follows:**

**SECTION 220.155: - DOMESTIC BATTERY.**

A. Domestic Battery is:

- (1) Intentionally or recklessly causing bodily harm by a family or household member against a family or household member; or
- (2) Intentionally causing physical contact with a family or household member by a family or household member when done in a rude, insulting or angry manner.

B. Sentencing:

(1) Upon a first conviction of a violation of domestic battery, a person shall be guilty of a Class B misdemeanor and sentenced to not less than 48 consecutive hours nor more than six months' imprisonment and fined not less than \$200, nor more than \$500 or in the court's discretion the court may enter an order which requires the person enroll in and successfully complete a domestic violence prevention program.

(2) If, within five years immediately preceding commission of the crime, a person is convicted of a violation of domestic battery a second time, such person shall be guilty of a Class A violation and sentenced to not less than 90 days nor more than one year's imprisonment and fined not less than \$500 nor more than \$1,000. The five days' imprisonment mandated by this subsection may be served in a work release program only after such person has served 48 consecutive hours' imprisonment, provided such work release program requires such person to return to confinement at the end of each day in the work release program. The person convicted must serve at least five consecutive days' imprisonment before the person is granted probation, suspension or reduction of sentence or parole or is otherwise released. As a condition of any grant of probation, suspension of sentence or parole or of any other release, the person shall be required to enter into and complete a treatment program for domestic violence prevention.

C. As used in this section:

(1) Family or household member means persons 18 years of age or older who are spouses, former spouses, parents or stepparents and children or stepchildren, and persons who are presently residing together or who have resided together in the past, and persons who have a child in common regardless of whether they have been married or who have lived together at any time. Family or household member also includes a man and woman if the woman is pregnant and the man is alleged to be the father, regardless of whether they have been married or have lived together at any time; and

(2) For the purpose of determining whether a conviction is a first or second conviction in sentencing under this section:

(a) Conviction includes being convicted of a violation of this section or entering into a diversion or deferred judgment agreement in lieu of further criminal proceedings on a complaint alleging a violation of this section;

(b) Conviction includes being convicted of a violation of a law of another state, or an ordinance of any city, or resolution of any county, which prohibits the acts that this section prohibits or entering into a diversion or deferred judgment agreement in lieu of further criminal proceedings in a case alleging a violation of such law, ordinance or resolution;

(c) Only convictions occurring in the immediately preceding five years including prior to the effective date of this act shall be taken into account, but the court may consider other prior convictions in determining the sentence to be imposed within the limits provided for a first or second offender, whichever is applicable; and

(d) It is irrelevant whether an offense occurred before or after conviction for a previous offense.

(e) A person may enter into a diversion agreement in lieu of further criminal proceedings for a violation of this section or an ordinance of any city or resolution of any county which prohibits the acts that this section prohibits only twice during any three-year period.

This ordinance shall become effective upon publication in the Junction City Daily Union as required by law.

July 16, 2013

**From:** Krista Blaisdell, City Prosecutor  
**To:** Cheryl Beatty, Interim City Manager  
**Subject:** G-1130 – Amendments to Article IV, Sex Offenses

---

**Objective:** To update the City Ordinance to make the Sex Offenses ordinances consistent with the Kansas statutes.

**Explanation of Issue:** During the 2013 Legislative Session, Kansas made several changes to various sex offenses and offenses against public morals, included in those and probably the most significant was the change of title from “Prostitution” to “Selling Sexual Relations”. Due to these significant changes, this office has reviewed all Sections under Article IV, Sex Offenses and updated those applicable sections to be consistent with state law in both language and punishment. Additionally, it is the recommendation of this office that two Sections be repealed as they are now solely felony offenses.

1. Approve G-1130.

# City of Junction City

## City Commission

### Agenda Memo

07/10/13

**From:** Richard P. Rook, Interim Fire Chief  
**To:** Cheryl Beatty, Interim City Manager  
**Subject:** **Rooftop unit replacements and duct work for the Fire Dept.**

---

**Objective:** Approval and award of bid to replace two (2) roof top heating and air conditioning units and all related ductwork at Fire Station 1.

**Explanation of Issue:** Fire Department staff solicited bids for replacement of two (2) roof top heating and air conditioning units and the entire duct work system for both these units at Fire Station 1. These units serve the upstairs living quarters at Fire Station 1. The Fire Department has been experiencing problems with both of these units this past year. The current units are 20+ years old. One of the units has completely failed. The second unit has major A/C issues. We hired an outside firm to do a quantitative air quality test. This test came back showing a major mold problem in out ductwork. The current ductwork is insulated on the inside. Since this ductwork is insulated on the inside, tearing out the insulation and cleaning the ductwork would not guarantee a correction to the mold problem. Therefore, the entire ductwork system will be replaced. The new ductwork will be insulated from the outside. The roof top units requested with have Ultraviolet and humidity controls to prevent mold growth. Approval of this request will provide a safer work environment for our employees plus a savings in utility costs for years to come.

**Budget Impact:** The staff requested bids from numerous local vendors. Two vendors submitted bids on the project. The bids have been reviewed by staff and we recommend United Heating Cooling & Plumbing in the amount of \$37,750. This item was not budgeted for in the 2013 budget, and will be paid for through City reserve funds.

**Alternatives:** It appears that the City Commission has the following alternatives concerning the issues at hand. The Commission may:

1. Approve bid
2. Disapprove bid
3. Modify the proposal...
4. Table the request.

### Agenda Memo

July 16, 2013

**From:** Gregory S. McCaffery, Municipal Services Director  
**To:** Cheryl Beatty Interim City Manager and City Commission  
**Subject:** **Consideration of a Wavier for the Installation of Sidewalks along Golden Belt Road as part of the Dick Edwards Auto Plaza Development**

---

**Objective:** Consideration of a Wavier for the Installation of Sidewalks along Golden Belt Road as part of the Dick Edwards Auto Plaza Development

**Explanation of Issue:** The City has received a request for the wavier of the installation of sidewalks along Golden Belt Boulevard, as part of the Dick Edwards Auto Plaza development. Per the City Code, Title IV - Land Development, Chapter 455 Subdivision Regulations, Article VIII, Section 455.370 – Required Improvements, Item 2, 5 foot wide sidewalks are required to be installed along both sides of all arterials and collector streets within the City as part of any development.

Currently there are no sidewalks within the general area of the Dick Edwards Auto Plaza development along Golden Belt, east of US-77. There are multiple family developed along the north side of Golden Belt and Caroline Avenue, The Bluffs development. The Kansas Department of Transportation (KDOT) has indicated that they have concerns over sidewalks crossing at grade along the various roadways which cross US-77.

The City has recently started the process of development of an amendment of the joint City and County Comprehensive Plan, with one of the major components being the development and enhancement of the motorized (streets) and non-motorized (sidewalks, safety & bike paths) component of the plan. Also, the City is currently reviewing the City Engineering Design Standards, with the intent to update the standards to current practices, including sidewalks and safety paths along major roadways.

The City Commission approved a TIF (Tax Increment Finance) agreement on May 12, 2012 for this development which includes in part funding for a portion of the Golden Belt Boulevard improvements.

KAW Valley Engineering, the engineers for the Dick Edwards development, have provide a drawing which outlines the general location of the sidewalk along Golden Belt Boulevard, with two options, A – Sidewalk Caroline Avenue to US-77 and B – Western edge of the Dick Edwards Development to Caroline Avenue. Leon Osbourn, President KAW Valley Engineering, will be present at the meeting, in order to discuss this request on behalf of the developer.

Given the above, City staff is recommending the City Commission waive the requirement of sidewalks being installed from Caroline Avenue to US-77, however still require the installation of the sidewalks from the eastern edge of the Dick Edwards development to

Caroline Avenue, given the concerns of KDOT and the City's intent of creating an overall bike/ safety path and sidewalk network within the City.

**Budget Impact:** The City could be responsible for future sidewalk improvements if KDOT approves a sidewalk crossing at US-77 & Goldenbelt.

**Alternatives:** The City Commission may approve, modify, table or deny the waiver request of the sidewalks along Golden Belt Boulevard, as part of the Dick Edwards development.

**Recommendation:** Staff recommends the City Commission waive the requirement of sidewalks being installed as part of the Dick Edwards development from Caroline Avenue to US-77, however still require the installation of the sidewalks from the eastern edge of the Dick Edwards development to Caroline Avenue, given the concerns of KDOT in this area along US-77 and the number of lanes which would need to be crossed at the intersection of Golden Belt and US-77.

**Suggested Motion:** Commissioner \_\_\_\_\_ moves to approve the waiver of the sidewalks along Golden Belt Boulevard from Caroline Avenue to US-77 as part of the Dick Edwards development, as presented by City staff.

Commissioner \_\_\_\_\_ seconded the motion.

**RE: Request for Variance on Sidewalk Requirement  
Dick Edwards Auto Plaza along Golden Belt BLVD**

Dear Mayor Aska:

On behalf of Dick Edwards Auto Plaza Kaw Valley Engineering, Inc. (KVE) would formally request a variance on construction of sidewalks along Golden Belt BLVD per the attached drawing.

The reasons for this request are as follows:

1. The section from Caroline Avenue to 77 Highway would provide pedestrians' access to Highway 77, with no safe means of crossing Highway 77. Due to the proposed signal at Golden Belt BLVD and 77 Highway being tied to the new signal at I-70 Diverging Diamond, KDOT is not making allowances for pedestrian activation at Golden Belt and Highway 77.
2. The section from Caroline Avenue along Golden Belt to the east would provide access to nowhere. Currently there are no sidewalks along Caroline south to Golden Belt and from the east end of Dick Edwards Auto Plaza no sidewalks exists nor are they in the foreseeable future.

KVE would be able to discuss this request at the July 16, 2013 City Commission meeting to further discuss our case.

Should you have any questions or require additional information, please feel free to contact me.

Sincerely,

The arrangement, character, extent, width, grade and location of all streets shall conform to the Comprehensive Development Plan and shall be considered in their relation to existing and planned streets, topographical conditions, to public convenience and safety, and their appropriate relation to the proposed uses of the land to be served by such streets. All persons desiring to construct any street improvement shall in addition to any Planning Commission review and approval, apply to the appropriate engineer for approval of the location, dimensions, design, and construction methods and material for such street.
- B. Where such is not shown on the development plan, the arrangement of streets in a subdivision shall either:
  1. Provide the continuation or appropriate projection of existing principal streets in surrounding areas; or,
  2. Conform to a plan for the neighborhood approved and adopted by the Planning Commission to meet a particular situation where topographic or other conditions make continuance or conformance to existing streets impracticable.
- C. Local streets shall be laid out so that their uses by through traffic will be discouraged.
- D. If a subdivision abuts or contains an existing or proposed limited access highway or arterial street, the Planning Commission may require marginal access streets, reverse frontage with screened planting contained in a non-access reservation along the rear property line, deep lots with rear service alleys or such other treatment as may be necessary for adequate protection of residential properties and to afford separation of through and local traffic.
- E. If a subdivision borders on, or contains a railroad right-of-way or a limited access highway, the Planning Commission may require a street approximately parallel to and one each side of such right-of-way, at a distance suitable for the appropriate use of the intervening land. Such distances shall also be determined with due regard for the requirements of approach grades and future grade separations.
- F. Reserve strips controlling access to streets shall be prohibited except where their control is placed with the Governing Body under conditions approved by the Planning Commission.
- G. Street jogs are to be avoided on arterial and collector streets. On local streets with right-of-way of sixty (60) feet or less, centerline offsets of less than one hundred (100) feet shall be avoided.
- H. Wherever possible, there shall be an inside tangent at least fifty (50) feet in length introduced between reverse curves, except that no tangent will be required for a radii longer than five hundred (500) feet.
- I. Streets shall be laid out so as to intersect as nearly as possible at right angles, and no street shall intersect any other street at more than one hundred degrees (100°) or less than eighty degrees (80°) angle.
- J. Streets shall be designed to meet the following requirements for maximum grade and minimum right-of-way width, sight distance, roadway width, and horizontal radii:

Street Type	R-O-W Width	Sight Distance	Roadway Width <sup>3</sup>	Horizontal Radii	Maximum Grade
Arterial	100 Feet <sup>1</sup>	600 Feet	53 Feet <sup>4</sup>	500 Feet	6%

Frontage Roads	40 Feet	400 Feet	24 Feet	250 Feet	8%
Cul-De-Sacs	50 Feet Rad.		40 Feet Rad.		

- 1 Additional right-of-way width may be required on both sides of any intersection with another arterial or collector street.
- 2 May be reduced in a residential planned development district.
- 3 Roadway width is measured back-to-back of curb.
- 4 Arterial roadway width is variable; fifty-three (53) feet is the minimum.

K. Streets in suburban subdivisions (see Section 455.350) shall meet the requirement of Section 455.270(J) except as follows:

1. Minimum paved surface width:	= 24 feet
2. Minimum Local roadway Street width:	= 30 feet

  7. Entrance culverts shall be no less than twenty four (24) feet in length and may vary in size due to drainage, but no less than twenty-one (21) inches by fifteen (15) inches.
  8. Crossroad culverts may vary in length and size due to drainage and width of fill, but no less than twenty-one (21) inches by fifteen (15) inches.
- L. Cul-de-sacs may be paved to a width of twenty-six (26) feet if twelve (12) residences or less are on the street. Loop streets may be paved to a width of twenty-six (26) feet if eighteen (18) residences or less are on the street.
- M. Dedication of half (½) streets will not be approved, except in the public interest. If a half (½) street dedication should be permitted, the dedicated right-of-way must be sufficient width to permit construction of at least thirty-one (31) feet of pavement, including curbs, in the half (½) dedication.
- N. Minor streets shall be so planned as to discourage their use by non-local traffic, and provisions shall be made for adequate traffic circulation. "Places", "Courts", or cul-de-sacs will be permitted where topography or other conditions justify their use. Cul-de-sacs shall normally not be longer than twelve hundred (1,200) feet, including a turnaround which shall be provided at the closed end.

Sidewalks shall be required on both sides of all streets in urban subdivisions. Minimum sidewalk width shall be five (5) feet along arterial streets and four (4) feet along other streets. Sidewalks shall be placed in the public right-of-way within one (1) foot of the property line; except that the Planning Commission may permit sidewalks at the curb line on local residential streets.

- P. No roadway grade shall be less than one-half of one percent (0.5%) unless approved by the appropriate engineer. Greater percentages of grade may be required where necessary to provide adequate drainage.
- Q. In the event an island is constructed in the center of a cul-de-sac the minimum radius of the island shall be ten (10) feet, six (6) inches from back of curb, however, the minimum pavement width, including curbs, around the island shall be not less than twenty-four (24) feet.
